The New York Branch of the International Dyslexia Association (NYB-IDA) is a non-profit organization that provides information, referrals, training and support to professionals and families regarding the impact and treatment of people with dyslexia. Each year, we answer the calls of thousands of parents, adults and professionals who are seeking advice on what to do and where to turn for help in their efforts to cope with dyslexia. We are a key link in connecting families and professionals to information and services throughout the state.
